

# CAPABILITY STATEMENT

*“We believe diversity makes for a better place to work, live, and do business”*

## COMPANY OVERVIEW

ACE is a management consulting company that started because of the need for global diversity and sustainability expertise. With a desire to transform the world to become a better place, ACE serves regional and global corporations, and small businesses by strategically leveraging diversity as a means to learn and implement new and more effective ways to generate more revenue, reduce costs, improve employee satisfaction, and exceed shareholders expectations. Clients trust us to advise on and build global Vendor Diversity and DE&I Programs, enhance existing programs, develop diversity specific strategies and solutions, train and coach executive leadership, and take action to deliver meaningful and impactful results.

## CORE COMPETENCIES

Our service offerings and track record include:

- Creating Best In Class Vendor Diversity and DE&I Programs
- Working with complex global organizations to align and expand their Vendor Diversity and DE&I efforts beyond the U.S.
- Developing Vendor Diversity Programs for prime contractors
- Advising and educating small businesses on how to obtain and use diversity certifications to grow their company

## THE ACE DIFFERENCE

Unlike other consulting companies, at ACE we don't just tell you what to do, we walk you through how to do it. Our experience in having actually led and developed diversity programs for Fortune 500 companies, coupled with our contacts amongst the best in class and the respect we have earned in the industry uniquely position us to develop and deliver meaningful and impactful solutions that drive results for our customers.
